tail. Let Us Prove It.

VOL. VI. NO. 293.

SANTA ANA, CALIFORNIA, THURSDAY EVENING, NOVEMBER 9, 1911.

50 CENTS PER MONTH

M'DOWELL IS CONCEDED ELECTED

Sweeps Into Victory Carrying
Entire Ticket on His Tri-
umphal Way

PROGRESSIVES AND DEMS.
CONTROL LEGISLATURE

Roosevelt to Front in New York
—Sacramento Will Have
Commission Rule

SANTA FE, N. M., Nov. 9.—William
McDonald, the Democratic can-
didate for governor, with the en-
tire Democratic state and con-
gressional tickets are today con-
ceded by the Republicans to have
swept the state with pluralities of
upwards of 2500. Figures of the De-
mocratic triumph are based on the re-
turns from a majority of the precincts
which show McDonald's plurality to be
nearly 6000.

Congressmen from the new state
will be B. Ferguson and Pazval
Kerke. It is probable that a Demo-
cratic and Progressive combination will
be in control of the legislature, the
progressives holding the balance of
power.

The latest returns indicate that the
standing of the legislature will be as
follows: Senate, 11 Democrats and
Progressives; 12 Republicans; 1
doubtful. House, 24 Democrats and
Progressives; 21 Republicans; 3
doubtful.

The Democrats claim the doubtful
seat in the Senate and two of the
doubtful House seats. If they get only
one of the doubtful seats a tie will
result with a Democratic Lieutenant
Governor casting the deciding vote.
All the returns indicate a Demo-
cratic landslide, the Republicans hav-
ing carried only seven of the twenty
six counties.

ROOSEVELT TO FRONT IN NEW
DEAL—WILL DOWN BARNES

NEW YORK, Nov. 9.—The capture
of the New York Assembly by the Re-
publicans has brought Col. Theodore
Roosevelt again to the front in opposi-
tion to "Bill" Barnes of Albany.

In a statement credited to Col.
Roosevelt which was printed here to-
day, Roosevelt intimates that he is
going to have a say in the organiza-
tion of the assembly. He is also cred-
ited with a dramatic declaration of
war against Barnes in these words:
"Barnes must be retired from power
in the state. We will cut his bowels
out, if we must, to do it."

LYMAN INDICTED FOR MAIL FRAUD

Three Bills Found By Federal
Jury Today—Had No Ti-
tle to Panama Lands

LOS ANGELES, Nov. 9.—A federal
grand jury today returned three in-
dictments against Dr. John Grant Ly-
man, promoter of the Panama De-
velopment company, for alleged fraud-
ulent use of the mails. Each count in
the three bills is based on a let-
ter, one to G. W. Donnelly, the second
to Fred L. Anderson, the third to
Thomas O'Rourke. The letter written
to Donnelly was signed by Lyman. It
is alleged that Lyman is in control of
the Panama Development Co., which
is capitalized for a million dollars fully
subscribed. The company advertised
land for \$5 an acre which, the let-
ters said, would raise in value to \$6
within a few months, run into hun-
dreds as soon as the Panama canal
should be opened up. The government
does not allege that these reports are
untrue, but claims that Lyman intend-
ed to avert the fund received to his
own use, being unable to give a clear
title to the lands advertised.

FOWLER'S AIRSHIP
STILL HELD FAST
BY DESERT SAND

EL PASO, Texas, Nov. 9.—Stuck
more firmly than ever in the heavy
sand at Mastodon, about fifteen miles
west of here, where Aviator Pow-
ler was forced to descend last Sun-
day, the aeroplane in which he is at-
tempting to cross the continent from
the west to east, successfully resist-
ed all efforts to dislodge it, despite
two days of hard work on the part of
Fowler and his mechanics.

Today a lumber roadway, 200 feet
long, will be built in front of the ma-
chine and it is hoped that Fowler will
be able to get the necessary "run" to
enable him to take to the air.

Dedicates Log Cabin in Name Of Liberator

HODGENVILLE, Ky., Nov. 9.—
President Taft today paid honor
to the memory of Abraham Lin-
coln at the little log cabin which
was the birth-place and boyhood
home of the great historic figure.
The President dedicated it as a
Lincoln memorial on the former
Lincoln farm and homestead.

"This is a great memorial. I
believe this little old log cabin
will live in the memory of Ameri-
cans through all eternity," he
said during the address of dedica-
tion.

Six Miners Dead—Six

Missing From Mine Fire

PUNXSITAWNEY, Pa., Nov. 9.—
Six miners are missing and six others
were rescued with difficulty in a fire
which broke out today in the Adrian
mine of the Pittsburg Coal and Iron
Company here.

Commission Charter

For Sacramento By 68

SACRAMENTO, Nov. 9.—The char-
ter that will give this city a commis-
sion form of government was adopted
at Wednesday's election by a majori-
ty of sixty-eight. The charter will
be presented to the special session
of the legislature and will undoubtedly
be ratified, taking effect next July.

Pasadena Girl Falls

From Fourth Story of School

NEW YORK, Nov. 9.—Beautiful
Miss Ada Forman, aged 18, daughter
of one of the wealthiest families in
South Pasadena, Calif., is in a critical
condition in Roosevelt Hospital as a
result of a fall from the fourth story
of the New York Normal School for
Physical Education.

Howard Pyle Dies

In Italy of Heart Disease

FLORENCE, Italy, Nov. 9.—How-
ard Pyle, aged 58, of Wilmington,
Del., considered by many of the critics
as the cleverest and most original of
American painters and illustrators,
died here today of heart disease.

"Absolute Life"

Prophecy See Goes to Pen

CHICAGO, Nov. 9.—Evelyn Arthur
See, the "Absolute Life prophet," was
today sentenced by Judge Honore to
an indeterminate term of from one to
five years in the penitentiary for con-
tributing to the moral delinquency of
Mildred Bridges and Mona Rees, two
girls living with See in the cult head-
quarters of the "Junior Common-
wealth."

ASSOCIATION HANDLED OVER

\$870,000 IN CITRUS FRUIT'S

At the annual meeting of the stock-
holders of the Santiago Orange Grow-
ers' Association at Orange yesterday,
figures were shown by Secretary W.
M. Smart indicating that the past
year was the greatest in the associa-
tion's history. The association handled
over \$870,000 worth of fruit. The
stockholders re-elected the following
directors: J. A. Maag, V. V. Tubbs,
W. H. Burnham, A. H. Stutesman, D.
F. Campbell, D. P. Crawford and A.
N. Saxton. At noon a dinner was
served at the packing-house to the
stockholders.

The following is from the report of
the secretary:

"In submitting the report for the
year ending August 31, 1911, would
call attention to the increased vol-
ume of business done, it being the
greatest in the life of the association.
The members are to be congratulated
in the evident increased care of
their groves, in fertilizing, fumigating
and cultivation, to the extent of pro-
ducing a better grade and quality of
fruit, that has enabled us to put up
a better pack and get the highest
prices paid for fruit in the market,
with like grades."

The following is a summary of the
season's business:

Cash received for fruit \$455,534.64

Cash paid members 338,980.22

The following is the statement from
the Sunset Fruit Exchange of the
F. O. B. gross receipts for fruit ship-
ped by our association:

Santiago Orange Growers' Associa-
tion F. O. B. averages, all varieties,
season 1910-11:

Average

101,665 boxes Navel \$123,413.63 \$1.213

119,586 boxes Valnes 304,285.23 2.544

16,177 boxes Seets 20,839.59 1.288

11,655 boxes Mikes 2,098.47 1.804

274 boxes Seeds 310.28 1.132

72 boxes Bloods 72.36 1.005

8878 boxes lemons 18,238.85 2.045

24,781 \$469,258.41 \$1.893

Valencias shipped after September

1, 1910, 20,783 boxes, \$71,340.22; av-

erage \$3432.

Valencias shipped after May 1,

1911, 98,803 boxes, \$232,945.01; av-

erage, \$2357.

Respectfully submitted,

W. M. SMART,

Secretary and Manager

STATEMENT AS TO WHO CAN
VOTE ON DECEMBER 14TH

When the Board of Education meets
next Tuesday night it will officially
set the election for Dec. 14.

Everyone understands that for a
woman to vote, she must be registered
at this time. There seemed to be
some misunderstanding as to what
men were entitled to vote; hence the
above statement. Further, it may be
said that the present Great Register
contains all the names of those who
have registered since registration be-
gan for the primaries and for the gen-
eral election in November, 1910. If
a man voted in the Johnson-Bell elec-
tion for governor he is still on the
Great Register, and can vote unless
he has moved and has not transfer-
red. The same statement holds good
as to the city election held last spring
and to the constitutional amend-
ments election held last month.

STRIKERS MUST GO THIRSTY IN DESERT

Harriman Line Shuts Off Wa-
ter Supply From People
of Gila Bend, Ariz.

CUSTOM OF 20 YEARS SET
AT NAUGHT BY RAILWAY

Strikers Forbidden to Get Sup-
ply From Water Car—Offi-
cials Offer No Defense

TUCSON, Ariz., Nov. 9.—The
shutting off of the water supply
from all the strikers in the Arizona
desert, is the latest weapon of the
Harriman lines in the present
shopmen's strike, according to ad-
vices received today from Gila
Bend, Ariz.

P. W. Black, secretary of the shop-
men's federation, has received the fol-
lowing telegram from thirsty strikers:

"Gila Bend, Ariz., Nov. 9.—Moore
Allgood has notified the strikers that
they were going to cut off all water
from the residences, and they are for-
bidden to get their drinking water at
the water car, which has been the
custom for twenty years past. This
order is effective today."

Moore Allgood is the traveling su-
perintendent of the Tucson division.
Division Superintendent Dyer said:
"It is unnecessary for the railroads
to offer any apologies for this action
toward the men who are working day
and night against the company."

READY TO BOOST FOR CANYON ROAD

County Surveyor J. L. McBride has
received a letter from the secretary of
the Chamber of Commerce of Corona
stating that that body will do anything
it can to boost for the proposed state
highway in the Santa Ana canyon. The
secretary says that the project to
have that route selected for improve-
ment will get energetic support at
Corona.

WANTED—A-1 walnut meats at
the Dragon.

NOTICE COVERS A POINT IN LAW

State Veterinarian Tells Su-
pervisors to Eradicate the
Texas Fever Tick

MEANS NO CHANGE
IN CAMPAIGN HERE

Big O'Neil Herds Recently
Dipped and Taken to
Clean Territory

State Veterinarian Charles Keane
has sent the usual annual notice to
the Board of Supervisors to eradicate
the Texas fever tick. The notice is
merely formal and does not mean
that the county is expected to do any-
thing more than it is doing, which is
that the county veterinarian, Dr. W.
S. McFarlane, is working with the
federal and state veterinarians in
carrying on the fight against the tick,
which fight has already proven a
long fight.

The following letter accompanying
the notice gives the reason for the
notice:

"The enclosed letter is sent to you
from this office for the purpose of
complying with the provisions of the
law which make it necessary for the
state veterinarian to notify you that
an infectious disease among cattle
exists in your county."

"In order to prosecute on offender
if our state quarantine regulations
are infringed, it is necessary for the
state to show we have officially no-
tified your honorable body of the ex-
istence of disease and the necessity
of measures to eradicate same."

"These letters in no wise reflect
upon the work which is being per-
formed by your county live-stock in-
spector."

The official notice after naming the
statute says: "I wish to notify you
that certain cattle in Orange County
are infested with cattle ticks, and are
liable to communicate the disease
known as Texas fever, to other cat-
tle not so infested. Measures are
not taken by your honorable body to
quarantine such infested cattle and
eradicate such infestation."

In Orange County the man who has
actually been in charge of the long
campaign against the tick is Dr. Cole-
man, a federal veterinarian, a very
capable and energetic man.

The greatest difficulty in eradicat-
ing the tick in this county has been
with the big O'Neil ranches. The pas-
tures were so large that it was diffi-
cult to get the cattle all together for
dipping them in the arsenical fluid
that is used to kill the pest. The
ranch has co-operated with the ar-
thritides, and the prospects now are
that the tick is approaching eradica-
tion in this county. The O'Neil cattle
were all driven south of the San Juan
Hot Springs canyon, and were kept
there for a period of months. In that
time there were no cattle north of
the dividing fence. According to the
veterinarians the ticks that were
dropped on the ground by the cattle
while in the north pastures were
dead for want of stock upon which
to feed. The pastures on the north
were then clean and ready to receive
clean cattle. The transfer of cattle
from the south pastures to the north
pastures had been completed, with
the exception of perhaps a few strays
that will soon be rounded up by the
riders. Each animal was run through
the arsenical bath in the dip at Mis-
sion Viejo before being allowed to go
on to clean territory.

All of this shows that everything
that can be done to kill off the Texas
fever tick is being done, and further
proves that the notice from the state
veterinarian is a mere formality need-
ed in order to put the state in posi-
tion for prosecutions should any be-
come necessary.

SENSITIVE NAT COULD
NOT STAND CRITICISM

HOT SPRINGS, Ark., Nov. 9.—An-
gered because the dramatic critic of
the Arkansas Democrat stated he
"was so greatly under the influence of
liquor that he had to be led on the
stage," Nat C. Goodwin, the comedian,
here yesterday instructed Attorney
W. H. Martin to bring suit for \$50,000
against that paper.

The critic also charged that the pro-
fane language Goodwin used was
plainly heard by those in the audi-
ence.

GROWER OF SEEDLESS LEMONS

SAN BERNARDINO, Nov. 9.—I. E.
Bush, a Rialto orange grower, has
succeeded in growing a seedless le-
mon, and has grown a large number
of small trees, which he will set out
to forty-five acres next spring.

RANCH OWNERS TAKE NOTICE!

—Please mail us immediately full
description of your ranch as we have
some excellent Los Angeles income
property and residences to exchange
for orange, walnut, alfalfa or general
ranches. Address Harry B. Goodman
Co., 701 Pay Bldg., Los Angeles, Cal.

MANCHU HOPES AT END; TROOPS ENTER PEKIN—LAST STAND

Emperor Flees in Peasant's Cart—Gen.
Li Marches on Forbidden City—
Rebels Capture Strongholds

SHANGHAI, Nov. 9.—Breaking off
all peace negotiations with Premier
Yuan Shi Kai, General Li Yuan Heng,
the rebel leader, is today marching
on Pekin at the head of a great in-
vading force.

DISPUTING REBEL GENERALS
KILLED BY OWN SOLDIERS
Because jealousy of each other
threatened disaster to the rebel cause,
Generals Chia and Tseng have been
slain by their own soldiers at Chang
Sha, according to reports reaching
here today.

The two leaders had been quarrel-
ing, and finally a committee of rebels
considered the situation, and solved
the puzzle as to divided authority by
detailing two squads of soldiers to
execute both of the disputants.

MANCHU TROOPS ENTER
PEKIN FOR LAST STAND

PEKIN, Nov. 9.—Firmly convinced
that all hope of preserving the Man-
chu dynasty is at an end, fifteen hun-
dred infantry and cavalry of the first
division of the Manchurian army en-
tered the Forbidden City today to make
a last stand.

Great quantities of rice and other
stores are being taken into the forbid-
den city. The legations share the be-
lief of the army that all hope for the
Manchu dynasty has vanished.

EMPEROR FLEES FROM
PEKIN WITH MOTHER
IN PEASANT'S CART

PEKIN, Nov. 9.—Smuggled from the
capital in a peasant's cart, the em-
peror of China has fled from the cap-
ital of Pekin, according to a palace
eunuch whose information has hith-
erto been reliable. He declares the em-
peror was accompanied in his flight
by the dowager empress. No infor-
mation was given as to where the im-
perial fugitives had fled.

JAPAN REPORTED AS
MOBILIZING TROOPS

PEKIN, Nov. 9.—It is reported that
Japan is mobilizing three thousand
soldiers with full equipment at Yoko-
hama. The troops are believed to be for
duty in Northern China.

REVOLTING PROVINCES
SLAUGHTERED MANCHUS

HONG KONG, Nov. 9.—The dis-
tricts of Chin Shan and Haung Shan
are in the throes of revolt. The Chi-
nese there arose and slaughtered
hundreds of Manchus, including many
officials and the military commander,
according to Macao reports.

Canada Proclaims Independence

LONDON, Nov. 9.—A dispatch to
Reuter's News Agency says that Can-

the canal will be ready for opera-

tion June 15, 1913. The time

pledged for the completion of the

three great dams, according to Col-

onel Goethals, is as follows: At Ga-

tun, August 15, 1912; at Pedro Mi-

guel, January 15, 1913; at Miraflores,

the last one, June 15, 1913.

An electrical system will be used

for the operation of the canal after

completion.

The contract for the construction

of the three big dams has been

awarded for \$2,338,998.

Colonel Goethals declares that in-

asmuch as the canal will be ready

for operation on June 15, 1913, the

need of legislation looking toward

the fixing of tolls is urgent.

LOAN FOR MEXICAN RAILWAY

NEW YORK, Nov. 9.—D. P. Ben-

nett, vice president of the National

Railway of Mexico, confirms the re-

port from Mexico City to the effect

that the company has obtained an

advance from Kuhn, Loeb & Co.,

Speyer & Co., Ladenburg, Thalmann

& Co. and Hallgarten & Co. of \$13,000,

000 for one year from Nov. 15.

Lantern and Lectures

To Fight the Saloons

While the District campaign com-

mittee, organized to fight the project

to turn the Fifth supervisorial district

wet, has been steadily and effectively

at work in the Fifth district it has

been making little noise about it; but

now it is ready for the band to start.

The committee has a portable light

for a local stereopticon entertainment

and has arranged to give a series of

illustrated talks in the schoolhouses

of the district.

While the light is not as satisfac-

tory as had been hoped, still it does

fairly good work—good enough so one

can see the point of the illustration,

which is, after all, what is necessary.

The committee has also had some

slides made especially for this cam-

paign, and has secured Rev. Will S.

Trowbridge, of the Tustin Advent

Christian church, to manage the ma-

chine and do most of the talking.

MEXICO WILD AT MADERO'S ACTION

With Cabinet's Aid Today He
Abolished the Office of
Vice President

ENEMIES CLAIMING HE
IS WOULD-BE DICTATOR

Congress Passes \$50,000,000

Budget Though Treasury

Has But \$8,000,000

MEXICO CITY, Nov. 9.—President

Francisco I. Madero and his cabinet

decided to abolish the office of vice

president at a meeting called today.

Announcement of this action created

the wildest excitement throughout

the capital.

Madero's enemies claim that Mader-

ro is preparing to usurp a dictator's

powers, and is planning to secure

complete control of the republic.

Following the cabinet meeting, Con-

gress today passed a \$50,000,000 bud-

get, despite the fact that the govern-

ment treasury contains but eight mil-

lions of dollars.

N'MAMARA CASE

MOVED SOME TODAY

</

\$30--WILL NOW BUY 100 SHARES OF COMMONWEALTH HOME BUILDERS STOCK--\$30

**CAMPAIGNING
FOR CHURCH**

Baptists of Fullerton Are
Planning for a \$20,000
Edifice

FULLERTON, Nov. 9.—The Baptist church congregation has entered on a campaign to provide funds for the erection of a \$20,000 edifice on the site of the old church at Pomona and Wilshire avenues. Between \$7000 and \$8000 has been pledged and the committee in charge will report Sunday the result of the canvass. The congregation now numbers 200 members.

The Good Roads commission which will have charge of the expenditure of \$146,000 on the streets of the city met last night and organized, electing B. G. Balcom, president of the First National Bank, chairman, and W. T. Brown, temporary secretary.

Business Increase
The business of the Santa Fe at this point continues to show a monthly increase over last year. During October 150 cars were forwarded and 46 carloads received. The total business increase is \$11,000 over October of last year. Since January 1, 1225 carloads of fruit and vegetables have been shipped out. A total of 65 cars of walnuts so far have been forwarded.

Sixteen building permits were issued in October. Several residences

Particularly the Ladies.

Not only pleasant and refreshing to the taste, but gently cleansing and sweetening to the system, Syrup of Figs and Elixir of Senna is particularly adapted to ladies and children, and beneficial in all cases in which a wholesome, strengthening and effective laxative should be used. It is perfectly safe at all times and dispels colds, headaches and the pains caused by indigestion and constipation so promptly and effectively that it is the one perfect family laxative which gives satisfaction to all and is recommended by millions of families who have used it and who have personal knowledge of its excellence.

Its wonderful popularity, however, has led unscrupulous dealers to offer imitations which act unsatisfactorily. Therefore, when buying, to get its beneficial effects, always note the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package of the genuine Syrup of Figs and Elixir of Senna.

For sale by all leading druggists. Price 50 cents per bottle.

**PLACENTIA TOWNSITE
Invites You to attend a Noonday
BARBECUE**

To be held at the Townsite, SATURDAY, NOVEMBER 11, 1911, in celebration of the opening of Townsite Addition No. 1, and as an opportunity to get acquainted with the Placentia District and Placentia people.

A year ago Placentia Townsite was a barley field. Today you will find a thriving town, with a bank, hotels, stores, newspaper, lumber yard, garage, etc. We will undertake to show you why Placentia will be a town of fifteen hundred (1500) people within five years, and why really values will double and treble. We can show the merchant openings that he cannot duplicate in the county and we can offer immediate and continuous work for the homeseeker.

Remember—Placentia Townsite is the packing and shipping point for the famous Placentia Orange District, than which there is no more productive in Southern California, and it is the distributing town for that thickly settled and prosperous section.

The opening, a year ago, of the Santa Fe Railroad's new main line east brought Placentia Townsite into existence. See what's been done in even less than twelve months.

"MEET US AT PLACENTIA ON THE ELEVENTH."

Placentia Townsite is only twelve miles from Santa Ana on the Santa Fe, via Fullerton.

Morning train leaves Santa Ana 11:30, returning leaves Placentia 5:07.

SUGAR PLANT**

Forty Men and Implements
Arrive for Excavating for
New Sugar Factory

About forty men together with teams and three or four carloads of implements arrived at the factory site of the Santa Ana Co-operative Sugar Company today, and with their arrival the actual construction of the big 600-ton sugar refinery was begun.

The outfit is under Weymouth Crowell of Los Angeles, who has the contract for all of the cement work and masonry of the factory. The first work will be that of excavating for the foundations.

**MY CORNS DON'T
HURT A BIT**

Tired, Ailing, Swollen, Smelly, Sweaty Feet, Corns, Callouses and Bunions. TIZ Cures Right Off

Say good-bye to your corns the very first time you use TIZ. You will never know you have a corn, bunion or callous, or sweaty, tired, swollen, aching feet any more. It's just wonderful the way the pain vanishes. Rub the corn, hammer it with your fist if you wish—no more pain after TIZ than if there had never been a blemish on your feet. Doesn't that sound good to you? Doesn't it? Then read this:

"The corns on either of my toes were as large as the tablets you make to cure them. Today there is no sign of corns on either foot and no soreness. It's an up-to-date Godsend."

—Sam A. Hoover, Progress, N. C.
Just use TIZ. It's not like anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct, if you wish, from Walter Luther Dodge & Co., Chicago, Ill.

**WILD WEST RIDERS
HERE NOVEMBER 14**

Miller Brothers' 101 Ranch Wild West is to be here on Nov. 14, and will bring with it the greatest congress of natural riders that has ever been assembled. They are men and women who have become proficient in horseback riding, from being compelled to ride and are not of those who have been taught in schools for riding. While they are all accomplished riders, they do not consider riding an accomplishment, but on the contrary a necessity. To them it has been necessity all their lives and the skill they have acquired has been acquired by natural effort and not by tutor. They are not of the spangly checked riders, who ride for applause, more than for expert exhibition. Neither are their horses confined to the sea-saw gait that makes riding more of a rocking chair exhibition. With the 101 Ranch it is natural riding at a pace that kills, and both horses and riders enter into the sport with a vim that is positively invigorating.

The cowboys, Indians, Cossacks, Mexicans, cowgirls, señoritas, Arabs and cattle herders generally, have long been regarded as the leaders of the experts, and all of these are among the riders of the 101 Ranch Wild West Show. They ride as no others would dare ride, and with a naturalness that is not only entertaining, but gives an elegant opportunity to compare their style with the cut and dried style of riding as adopted by the circus rider. Besides these riders of the plains and prairies are the cavalry of every nation, who have learned to ride as part of their daily routine and drills in the various armies of the world. While in most instances their riding is more dignified, it is none the less finished and hazardous.

Public Announcement
I desire to announce that the law business formerly conducted by Montgomery & Tarver will be continued by me at the same office and I will endeavor to deserve the continued confidence and patronage of clients of the old firm.
(Signed) B. E. TARVER

CHILDREN INJURED

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints

—You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy, which we know, for constipation and associate bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember, you can obtain Rexall Remedies in Santa Ana only at our store—The Rexall Store, Dean's Drug Store, 104 West Fourth St.

**PLAY GROUND
AN EDUCATOR**

Anaheim Advised to That Effect By South Dakota
Leader

ANAHEIM, Nov. 9.—The movement for playgrounds for the children here received an unexpected boost yesterday, from Prof. S. C. Hartnaff of the Aberdeen State Normal School of South Dakota, who spoke before the Anaheim Parent-Teachers' Association. He declared that more character is made in the playgrounds of America than all the Sunday schools combined, and that the children can be taught there what they cannot learn in the school-room. In his opinion, play is the finest opportunity for teaching.

In view of Prof. Hartnaff's address, redoubled efforts will be made to secure grounds and equip them for the pupils of the school.

THE STORE THAT GIVES GOOD VALUE

Perfect Collar Work at Last

No Friction
Simply
Pressure
No Cracking
No Shining
Streaks
Tie Slips
Freely

The latest machine for finishing the popular turn-down collar is now in operation in our plant.

Before placing the collar in the mould it is given moisture far in excess of the old process, which insures its being turned and molded into shape without cracking and insures a smooth fold.

The outer portion of a collar is separated from the band so that a space is molded between, MAKING A NATURAL AND AMPLE TIE SPACE, PERMITTING FREE SLIPPAGE OF THE NECKTIE.

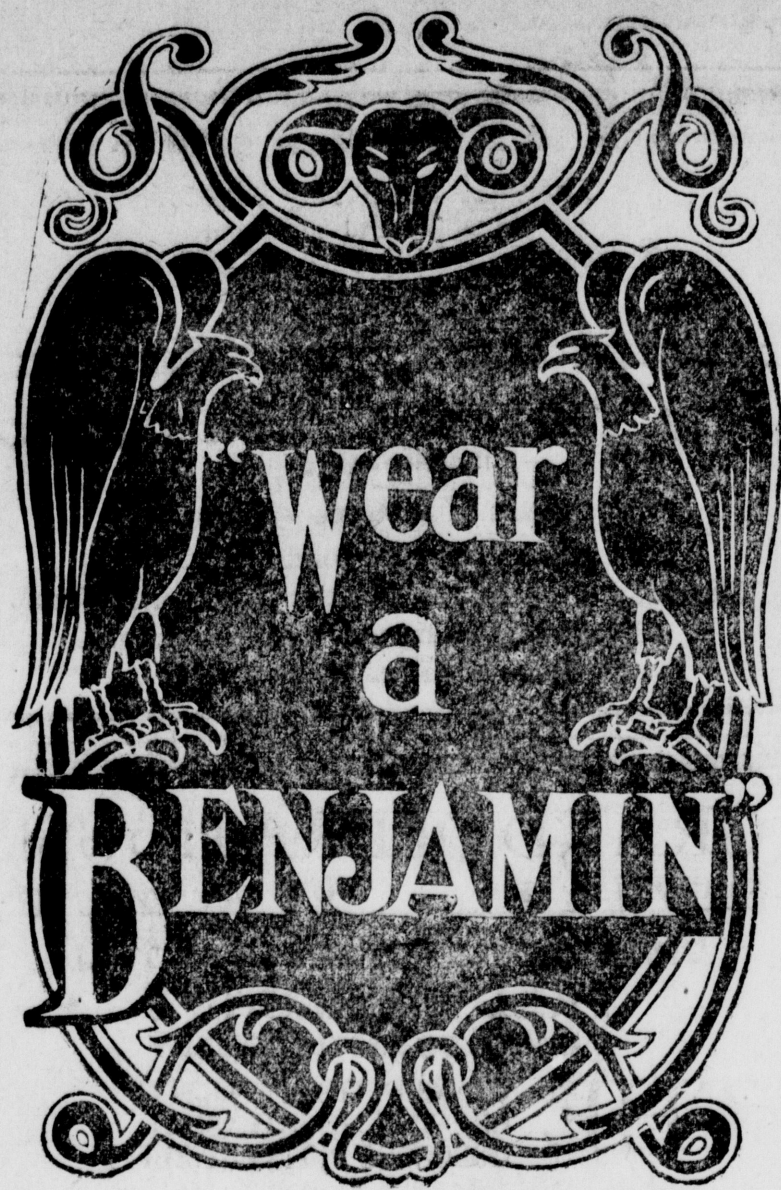

This is the only method by which collars are turned without cracking. A trial will convince you that our work is superior.

INVESTIGATE OUR NEW PROCESS ON TABLE LINEN.

AT THE COURT HOUSE

OFF STREAK IN OVERACKER FAMILY

Sister of Man Who Is Charged
with Murder Tells of His
Peculiarities

ACTED QUEER EVEN
WHEN A YOUNGSTER

Defendant Goes on Stand and
Tells His Story of Fatal
Encounter

That S. H. Overacker was one of seven brothers, most of whom were thought to be peculiar or partially insane, was the testimony given in the superior court this morning by Overacker's sister, Mrs. Annette Manual, of Sawtelle. Much of her testimony was new to the history of the murder case now on trial in which the New-hope farmer is charged with killing his neighbor, G. A. Winn, in a quarrel over a dike. As strengthening the defense's plea of insanity, the testimony of Mrs. Manual is probably the strongest evidence yet produced by Attorneys Rush and Tarver.

Mrs. Manual stated that Sylvester acted queerly in school when a boy. He pulled all the hair out of the top of his head and hid the hair from the other children. When about 18 he ran away, joined the army and deserted. At that age he thought people had "it in for him."

After he came to California Mrs. Manual visited him. He had been herding sheep for three years. He lived in a little cabin on a farm near Pixley, Tulare county. He told her that his neighbors were persecuting him, that he heard them talking at night, that they came to his house and bothered him. Mrs. Manual investigated and found that the neighbors were not persecuting him, that on one occasion a man whom Overacker said was at Overacker's house was twenty miles away.

Later the woman who is now Mrs. Overacker came from Iowa to marry Overacker. It had been a correspondence courtship. Mrs. Manual tried to persuade the woman to wait before marrying Overacker, but she did not do so.

She said that Overacker was one of seven brothers who grew up. One of them who was always thought to be peculiar tried to poison himself and finally died of brain trouble. Another one had hallucinations and was a spiritualist. Another one was all right until he got to drinking. He drank heavily and finally committed suicide. Others of the brothers acted queerly.

Yesterday afternoon Overacker himself was called to the stand, and he told his story of the shooting. It was substantially as was told the day previous by his wife, the chief point of difference between the Overacker story and the prosecution story continuing to be that the Overacker story has Winn coming across the field with a rifle, which he aimed at Overacker, and the prosecution story has Winn come across the field with a shovel and no gun.

The trial is still a long way from approaching the end. Before the trial closes it is probable that physicians will be called to give expert testimony. It is understood that Dr. Cushman and a Los Angeles physician will be called by the defense.

Contest Entered

Arthur Roy McDonald, who defeated his uncles and aunts in a fight for possession of the \$25,000 estate left by his grandmother, Lucy Devonshire, is now engaged in a legal battle with the administrator of the estate. The administrator is E. H. Markel of Riverside, an uncle of McDonald. After Mrs. Devonshire died, Markel got letters and took possession of the property. The court decided that the property all belonged to McDonald, and Markel was ordered to turn it all over to him.

Today McDonald entered contest to a number of items charged up against the estate. These items aggregate \$350 or \$400, and include attorney's fees and railroad fare. The ground is taken by McDonald that those items are not chargeable against him, that the decision of the court, was that the property was held in trust for him by Mrs. Devonshire and that in fact there was no estate of Mrs. Devonshire. The contestant also alleges that Markel failed to account for about \$300 in oranges, walnuts and crops sold from the ranch, which is located at Placentia.

Deputies Named

County Clerk Williams this morning appointed two new women registration clerks. They are Mrs. Martha J. McPhee and Mrs. Carrie E. Tople.

Set for Trial

This morning Judge West set the case of Lopez, charged with stealing a horse at Buena Park, for Nov. 20.

Records Attachment

Notice of attachment was recorded yesterday in connection with a suit for \$31 brought by J. C. Webster against J. C. Craig. Fifteen acres in section 6, township 5 south, range 10 west, is attached.

MONSTER LEMONS AT SHOW

ST. LOUIS, Nov. 9.—Lemons that weigh one and one-half pounds each are a feature of the fifth annual flower show of the St. Louis Horticultural society, which is in progress at the Coliseum. The Chrysanthemum Society of America is taking part.

Wait and see the Flanders Motor cycle at Livesey's.

New Tailored Coats

Modish Novelties in Big Collared Effects

Three new shipments of Coats enables us to show you a splendid assortment of the new Fall Styles. These coats embody the latest ideas of garment makers: Big sailor collars, some of them as large as shawl collars, deep cuffs, wide lapels, and trimmed with different sizes of ornamental buttons. Rough woollens are popular, and we show coats in grays, browns and blues with collars and cuffs in harmonizing shades. And you do not have to pay a small fortune for these coats; we price them honestly at \$17.50, \$20.00, \$22.50, and \$25.00.

Handsome Black Broadcloth Coats--Special \$15

If you are hunting for a staple, serviceable coat for all-around wear, we have a big line of black broadcloth coats, full satin lined, carefully tailored, made of splendid material at the remarkable special price of \$15.00. This coat is stylish on all occasions, and we can assure you that there is no better value on the market today. We have them in all sizes up to 49 inch bust measure.

NEW FURS NOW HERE

This little announcement is to let you know we are going to make a strong bid for your fur trade. We have just opened up a handsome line of furs, representative of the most popular styles. The tendency this season is toward flat furs in broad collar and cape effects. We have them from \$5 up to \$50.00. We have also a big line of staple boas, and stoles ranging in price up to \$13.50.

GREATEST OF BEET SUGAR SEASONS IS ENDED AT OXNARD

OXNARD, Nov. 8.—The sugar beet season of 1911 came to a close Saturday night.

The season was the greatest in the history of the plant from several stand-points. The grind has been a consistent one from beginning to end. Big runs were made, a fine grade of sugar was refined and every detail from the harvest in the fields to the shipping of the product seemed to be handled in most perfect shape. The tonnage of beets received at the plant was immense.

Farmers are also well pleased with the results of the campaign. Better prices have already been offered for

next year. This assures an increased acreage and a large tonnage both locally and from the southern part of the state.

The transient laborers of the campaign period are on their way to other factories and other campaigns. There will be the big clean-up here and the work of preparing for another campaign, the all-year-round employees remaining on the job.

WOMAN NOMINEE FOR MAYOR
OLYMPIA, Wash., Nov. 9.—Olympia held its first primary Tuesday, and as a result four tickets have been placed in the field. Women voted for the first time, and one of them was nominated for mayor. The four mayoralty nominees are W. L. Bridgeford, Republican; Miss Frances Sylvester, Socialist; J. E. Daily, Citizens' party, and A. S. Catton, Independent.

WRITER OF SEA STORIES DEAD
LONDON, Nov. 9.—William Clark Russell, the writer of stories of the sea, died yesterday. He has been bed-ridden since April last. Mr. Russell was born in New York in 1844.

IMPORTANCE OF STREAM RECORDS

By the next meeting of the State Conservation Commission Secretary Glavis will have completed a record of all water filings in the state where the purposes mentioned include power. Investigation is being prosecuted with a view to securing complete information of all water power plants, particularly their estimated value, capacity, and retail price of power. Investigations are also being made to determine the number of speculative water filings of the state. In addition to this, under a co-operative agreement with the Geological Survey, information is being secured relative to the amount of water in the streams, their power and irrigation possibilities, etc.

Many of those who are unfamiliar with engineering practice do not realize the necessity of procuring information of this kind. The importance of knowing how much water is available for its various uses grows enormously as the United States becomes more thickly settled and as industrial pursuits advance. We need water for domestic supplies and for navigation, as well as for power and irrigation. One of the most important features of our industrial prosperity has been the development of water. On the other hand, water may be enormously destructive when it takes the form of floods. It is therefore necessary to harness our water supplies so that they will on the one hand render the best service and on the other be prevented from devastating the country.

In developing the water of a particular stream the first necessity is to know how much water must be provided for—the volume that descends in the channel from day to day and from month to month. This necessity has its counterpart in the ordinary conduct of business. Every business man recognizes the necessity for taking account of stock. Every bank is required to keep an accurate record of its resources. There is no difference in principle between these operations and taking an inventory of water resources. To handle and develop them properly it is necessary to keep an account of stock.

The reports above described give a faithful record of each river's performance so that the persons or the community undertaking any development of water will know all the facts concerning the supply available.

PROGRESS-PROSPERITY

The monthly bulletin of the California Development Board gives an interesting and encouraging summary of horticultural and agricultural conditions throughout the state.

The California farmers view with satisfaction the results of the season now closing. There has been no general failure of any crop, while some of the many products of the soil have given very bountiful returns, and with it all the grower has been able to market them at good prices. This combination has made conditions throughout the state very favorable to the extension of areas of field and orchard and enlargement of industrial facilities on every hand.

Sales of large tracts of land and subdivision for colonization purposes are reported from every quarter with prices always having an upward tendency.

The colonist travel for the season is said by the railroad men to be the largest on record, nearly 6000 arriving on the 18th inst. in Los Angeles, and a large number in other sections of the state.

Exact figures of production of the various crops cannot yet be had, but the estimates for barley, potatoes, onions, beans, hops, walnuts, olives, etc. indicate record yields in most cases.

Growers are getting a fifty-cent advance on sugar beets on account of the high saccharine content. The output of the factories will be a record one this year and the acreage for next year much enlarged.

Fruit drying and canning is about over, except for tomatoes, which will continue until the rains interfere. The market is strong and prices very good. Shipments of cotton from Imperial Valley are going forward daily. The local mill at Calexico will handle from twenty to thirty bales daily.

Shipments of delicious fruits to the East are yet 127 carloads short of last year.

Citrus shipments for the season about to end were 46,184 carloads up to the 23d inst. Large additions to acreages are being made. Picking the new the new crop has already begun. All sections promise large crops and of fine quality.

WHAT OTHER ORANGE COUNTY PAPERS ARE SAYING EDITORIALY

Newport News: There can be no doubt but that the Pacific Electric is sincere in its intention to give this city direct electric connection with Santa Ana and Riverside before another year. This speech of Vice President Paul Shoup of that road at the Associated Chambers of Commerce meeting in Santa Ana last week has done a great deal toward restoring public confidence that the great improvement was coming, as Mr. Shoup is a man who does not waste any words or engage in any idle talk. Mr. Shoup was agreeably surprised to find that every inland town in the county wanted the same thing, direct connections with Newport Beach. It is the intention of the company to make the La Habra line connect with the line that runs down Magnolia avenue from Riverside as far as Arlington. This line will run by way of Corona and will bring all of the best of Riverside county within two hours of service to this city. With the rapid settlement of the mesa land adjoining the city and the coming survey of the harbor by the government it does not look like hard times ahead for Newport Beach.

Huntington Beach News: The district attorney of Orange county is, it is said, arranging to use the labor of county prisoners for improving the county roads. Why this has not been done long ago is unknown. As the taxpayers of the county pay for the care of prisoners, it seems only fair that the labor of the latter in maintaining county roads should be used in return for their board and lodging. Of course, in discussing the subject, the News refers only to county prisoners under judgment of conviction. It is plain, however, that as the taxpayers of the whole county support the prisoners, the work should be fairly distributed over ALL the county roads.

One Minute Sermons
(By the Old Man in Fullerton News)
It is a queer thing in human nature that a person who is careless and indifferent likes to put the blame upon somebody else for the result of that indifference. Generally it is a weak woman who looks at things in that light, and oftentimes, too, it is the unthinking man. You cannot convince the debater that perhaps all trouble that heaves in sight, which affects any particular case, may have had its inception in the attitude and the actions and disposition of one who makes the most trouble, and who wants to put up a complaint. When the average kick is examined as with a microscope, it is often found to have no material basis nor reason. But when a kick is once made, when a complaint is once put forward, one finds the average human being hanging on to it like grim death, and debating in a loud tone of voice, in a public place, perhaps on the merits of the kick. But with the thinking man such kicks do not go very far. Almost every kick has a proportion of injustice in it, especially when the kicker is guessing. The loudest kickers generally have a mouse in the meal somewhere, and the biggest kicker should be given a wide berth. However, it has been said that a good many things in the world have been the outcome of kicking. That may be true, and no doubt it is so, but then a continual kicker and whiner is about as disagreeable a person as one wants to have around. The kicking may be good medicine, but a boost seems like the better of the two. Boosting does more building than all the kicks in the world. A kind word and trust and confidence in somebody else is just as good medicine as the loud wail. Try it for a while and see if it does not seem good.

Cure for "The Blues"

—While most people, at one time or another, experience what is known as "the blues," few realize that this despondent condition is occasioned by the poisoning of the system through the inability of an inactive liver to properly separate and throw off body poisons.

That the public might have a reliable remedy to assist in overcoming such a condition, Rexall Liver Salts have been put upon the market, and we unhesitatingly recommend them to you.

We will refund any money spent for Rexall Liver Salts if they fail to provide a beneficial treatment. In two sizes, 25c and 50c. Dean's Drug Store, The Rexall Drug Store.

Consideration

"You wouldn't think of letting Mrs. Flimble hear the things you say behind her back."

"Certainly not," replied Mrs. Somer-Storey. "I'm too kind-hearted."

Between Doctors

"Doctor, I want you to look after my office while I'm on vacation."

"But I've just graduated, doctor. Have had no experience."

"That's all right, my boy. My practice is strictly fashionable. Tell the men to play golf and ship the women patients off to Europe."

FROST ON PLANET REPORTED AS SEEN BY ASTRONOMERS

FLAGSTAFF, Ariz., Nov. 9.—The first autumn frost over night has appeared in the Antarctic regions of the planet Mars. It was first observed at the Lowell Observatory on November 3, the Martian date then being what corresponds to August 16 with us.

The frost was seen as a bright spot on the planet's sunrise edge, and only there, not continuing on the disc as the planet turned.

It is evident that this bright area was hoar frost, from the fact that it was gradually dissipated as it was brought into sunlight by the planet's daily rotation. In whiteness it rivaled the planet's south polar cap and must have lasted for an hour and a half to two hours after the sun had risen on that part of the planet to be thus visible.

SAN DIEGO WILL FLY DIRIGIBLE FRIDAY MORNING

SAN DIEGO, Cal., Nov. 9.—With Los Angeles as its destination, if everything works well, the big dirigible airship, San Diego, built by the Tolliver Aerial Navigation Company of this city, will leave the company's yards Friday morning, between 7 and 9 o'clock.

The airship is 250 feet long, 40 feet wide and is driven by four gas engine motors driving six propellers, two forward, two aft and one on each side. It is the invention of C. H. Tolliver, and has been in process of construction for nearly a year. The gas compartments have been filled and everything is in readiness for the first flight.

In many respects the San Diego resembles the famous Zeppelin craft of Germany. It is equipped to carry passengers and Mr. Tolliver expects the engines, under favorable conditions, will develop a speed of more than forty miles an hour. The oblong bag holding the gas is made of aluminumized silk laid on an aluminum frame. The lifting capacity of the airship is 8000 pounds in addition to the weight of the craft itself. Unlike the Zeppelin craft, the passenger compartments are in the body of the airship, instead of being suspended below it.

Made in the most sanitary and up-to-date mill in the West.
Milled, sealed and packed by machinery.
CARNATION WHEAT FLAKES
from California hard wheat.
CARNATION ROLLED OATS
from Oregon white oats.
CARNATION GRANULATED WHEAT
from Minnesota macaroni wheat.
All are sterilized, thoroughly dried and represent the highest standard of cereal food.

DOCTOR'S PRESCRIPTION FOR ECZEMA

—The most advanced physicians of this country and Europe are now prescribing a wash of wintergreen, thymol and other soothing and healing ingredients for the cure of Eczema, Psoriasis and all other forms of skin trouble. This compound is known as the D. D. D. Prescription.

Dr. Holmes, the well known skin specialist, writes: "I am convinced that the D. D. D. Prescription is as much a specific for Eczema as is quinine for malaria. We have been prescribing the D. D. D. remedy for years."

I myself vouch for the D. D. D. Prescription for Eczema, and absolutely guarantee that it will take away the itch the instant you apply it.

If you will call at my store I will be glad to let you have a \$1.00 bottle on the guarantee that it will cost you nothing unless you find it does the work. And you decide. For that matter a trial bottle for 25 cents ought to be enough absolutely to prove the merits of the remedy.

Drop into my store, anyway, and as I have seen a great many cases of skin trouble, I will give you a free pamphlet giving directions for bathing, diet, etc., for all kinds of skin trouble.

Ask for the D. D. D. pamphlet, "Cause and Cure of Skin Disease." Get posted on this wonderful remedy today.
Wingood's Drug Store.

SHOPMEN REJECT ROCK ISLAND OFFER OF NEW SCHEDULE

CHICAGO, Nov. 9.—Representatives of five trades of shopmen employed on the Rock Island railroad notified the officials of the system yesterday that the company's offer of a new schedule had been rejected by the employees. No details were given. Another conference will be held today when the employees' committee will present a proposition to the railroad officials.

In the event that no agreement can be reached the employees' committee will submit the whole matter to the international union officials. This will require several days. It is said that there is no likelihood of a strike if the system federation committee men carry out the laws of the unions they represent.

In order to carry on their strike on the Illinois Central and Harriman lines, the boiler makers have levied an assessment of \$10 per capita.

WOMAN SUES BISHOP MOORE
TOPEKA, Kas., Nov. 9.—Mrs. Carrie E. Cope yesterday afternoon filed a suit for \$50,000 against Bishop David H. Moore of the Methodist Episcopal church for making alleged slanderous statements concerning her in a letter.

HEAD OF AERO CLUB RESIGNS

EFFORT MADE TO ORGANIZE

Suggested an Association Be Formed for State Highway in Canyon

ORANGE, Nov. 9.—Last night at the meeting of the Merchants & Manufacturers' Association a project was sprung looking to the organization of an association in San Bernardino, Riverside and Orange counties for the purpose of boosting to get the state highway commission to select the Santa Ana canyon road for one of the roads to be improved by the state. The local M. & M. passed resolutions recommending that the routes as selected by the Board of Supervisors be accepted by the state commission.

K. E. Watson, N. T. Edwards and F. E. Hallman were appointed a committee to assist in organizing the tri-counties association. Dr. Dobson of Santa Ana was present at the meeting.

Dr. H. M. Robertson, Physician and Surgeon, Office Cor. Third and Main, opposite City Hall, Both Phones.

Mock Indian Pudding
Cut stale bread in half-inch slices and remove the crusts. Butter the bread on both sides, pile the slices together and cut into cubes. To each cup of cubes, well pressed down, use one pint of milk with one-half cup molasses and half a teaspoon of salt. Bake in abutted pudding dish in very moderate oven from two to three hours. Fine-chopped suet may take the place of butter. Put it between the bread and cut as before.

WHY IS GAS TODAY SUCH A UNIVERSAL FUEL?

People used gas in the old days, it is true; but it was then a luxury.

Today gas is recognized at a necessity.

With gas at

\$1 Per 1,000 Cubic Feet

no other fuel can compare with it for cooking or heating.

For a short time we will install a first class

Range With all Connections for \$24

cash or installments.

Better leave your order for a connection now.

Doings In Social and Club Circles

'Whist at the Boys'

Dr. and Miss Boyd entertained a number of their friends last evening with a very delightful whist party, where autumn was the prevailing note—not the autumn of "wailing winds and leafless woods and meadows brown and sear," but a truly California autumn of glowing leaves and an abundance of fruit and flowers.

Beautiful roses decorated the reception hall, but in the other rooms were masses of richly-hued chrysanthemums, autumn's queenliest flower. There were autumn leaves on the pretty cards that marked the tables, and the refreshments were also suggestive of that very delightful season of the year that appropriately leads up to Thanksgiving.

A number of daintily gowned maidens of the younger set kept score, and assisted in serving the refreshments. Trophies for high score went to Mrs. B. E. Turner and to Mr. James Irvine. Second prizes were won by Mrs. Fred Case and by Dr. Wehrley, while Mrs. John V. Bishop and Mr. William Malone were properly consoled for the lowest score.

In the receiving line with Dr. and Miss Boyd were their cousin, Miss Vivian Claytor, Mr. and Mrs. Paul Shoup and Miss Jean Humphreys of Los Angeles.

G. G. "Y's" to Present Play
The Garden Grove Y. P. B. will meet in the school hall Friday evening at 8 o'clock. "Aunt Dinah's Pledge" will be presented with the following cast of characters: Mira Dempster (daughter of Hiram Dempster), Lizzie Brown; Miss Marvin (school teacher from Boston) Berenice Wade; Aunt Dinah (old colored servant), Helen Schneider; Albert Wilson (nephew of Hiram Dempster), Albert Schneider; Hiram Dempster (wholesale liquor dealer), William Harper; Charles Dempster (son of Hiram Dempster), George Oertly; Dr. Waring, Ray Beardsley; Edgar (Aunt Dinah's son), Wayne Holt; Rufus (Aunt Dinah's son), Donald McKinnon.

Good music and readings will com-

The Vocal Art (Cont.)

Every voice student should carefully study the physiology of those organs employed in the production of the vocal tone. A keener intelligence in their management and control will result. There is, however, a certain danger of pupils putting so much stress upon the importance of the physiological phases of singing as to become too technical and mechanical in the art. This is why he should not be ignorant of those various psychological elements that belong to, and in fact, dominate the true art of singing.

We have spoken of the importance of correct breathing for the singer. How few pupils have a proper conception of the size or even the position of the lungs! When they think of their breathing apparatus they at once think of their chests! They do not realize that the smallest portion of the lungs lie in the chest and that the singer who employs merely the chest breath succeeds in producing only a very small share of his natural tone volume.

WANTS RECIPES FOR CUR-ING OLIVES BOTH RIPE AND GREEN

A subscriber, a lady, requests the Register to ask for recipes for curing olives, both ripe and green.

She says: "I would much rather read a column of such recipes than a column of social news."

We can readily believe there are a few other ladies whose preference would be the same as this lady's, and we therefore request anyone who can give a tested and successful recipe for curing olives to do so.

We promise to publish all such recipes sent in and not to leave out the social news.

We are mindful of the scriptural injunction that "this ought ye to have done and not to have left the other undone."

plete the program. A cordial invitation is extended to all. There will be no admission, but an offering will be received to defray expenses.

Like This Summer Land

Mr. L. K. Strong, who purchased the Morse property on West Seventeenth street last spring, arrived with his family from Moscow, Idaho, last night. They are stopping at the Whaley residence on North Main. They came by boat to San Pedro and drove through to Santa Ana in their automobile. When they left Idaho the ground was frozen hard, the apples frozen solid on the trees, and more enthusiastic admirers of Southern California's summer climate than the Strong's would be hard to find.

League Meeting

The local chapter of the American Woman's League will meet Saturday afternoon, Nov. 11, at 2:30 o'clock at the city hall.

Entertained Methodist Choir

Mrs. W. B. Snow and W. P. Coffman, respectively organist and director of the First Methodist church choir, last night delightfully entertained the members of the choir with their husbands or wives in the Delta Alpha room of the church.

Several merry contests were engaged in, the guests sharpening their wits to guess the clever musical puzzles given them to solve.

F. P. Jayne and C. C. Conway pleased the company with vocal solos and the male quartet of the choir sang most acceptably. Delicious refreshments were served at the close of the evening.

After Parade Prizes

Sixteen members of the Boys' Brotherhood of the First Congregational church left this afternoon to march in the big parade of Sunday school workers in Los Angeles to-night. The boys hope to capture one of the numerous prizes offered. They will be chaperoned by Mrs. A. E. Chapman, who will remain over for a visit with her sister.

Luncheon for National Officers

Mrs. Lester and Mrs. Westfall, president and corresponding secretary, respectively, of the National Woman's Home Missionary Society, with headquarters at the Baptist Training School in Chicago, were guests of honor yesterday at a noon

luncheon given by Mrs. G. P. Hill. Other guests were two national officers of the Foreign Missionary Society who are touring the country with Mrs. Lester and Mrs. Westfall in the interests of Baptist missionary work. Mrs. Webber of Riverside, associational president of the Woman's Section; Mrs. Bibber of Orange, associational Home Mission director; Mrs. Z. B. West, president of the local Woman's Mission Council, and Mrs. Otto Russell, wife of the pastor of the First Baptist church of Santa Ana. The guests of honor were friends of Miss Viola Hill during the time she attended the Baptist Training School in Chicago.

The Hill home and the dining table were decorated with magnificent chrysanthemums, and a three course luncheon was served.

The national officers, who had taken part in the forenoon session of the Baptist Association convention now meeting here, left in the afternoon for Los Angeles to address a special meeting there. They came to Santa Ana immediately from San Diego, where they were speakers at a meeting specially arranged for them.

For Daughter's Birthday

Mrs. W. Lloyd Grubb entertained with a very informal dinner party yesterday evening, in honor of her daughter, Mary Jo's twelfth birthday. The charming little honoree was delightfully surprised upon returning home with her little friends, Chester and Willard Stafford to find more playmates to congratulate her upon her birthday.

The table decorations were pink and white carnations combined with feathery ferns and the birthday cake, glowing with twelve tiny pink and green candles, which each child was given a chance to blow out to their heart's content. Mary Jo received many lovely birthday presents. The most pleasing of all was a small bedroom set and tea set for her lady doll, from her mother.

Those present were, the hostess and children, Louise and Mary; Mrs. Russell Scott and children, Groeana, Walter and Jo; Miss Rena Stafford, Chester and Willard Stafford.

Personals

Mrs. Frank E. and Mrs. Henry Diers went to Alhambra today to be guests at a luncheon given by one of their friends in that city.

W. L. Delmling was a business visitor to Los Angeles this morning.

R. L. Bisby was an out-going passenger on a Los Angeles-bound train yesterday this morning. It is rumored that Mr. Bisby will again locate in Santa Ana.

Mr. and Mrs. F. H. Chaney, who have been visiting relatives here left for Los Angeles this morning where they are spending a portion of the winter. They reside in Colorado Springs, Colo., and while they think that is the most desirable residence spot on earth, they are quite sure that Santa Ana is a close second.

Mrs. Cain, who has been spending some time with her daughter, Mrs. Kennedy, of West Walnut street, left yesterday for her home at La Junta, Colo. Mrs. Cain left over the Salt Lake route and will spend several days in Denver.

Ed Rossiter who has spent the summer in Santa Ana, left yesterday over the Salt Lake route for New York City.

Mrs. Hudson, sister of Mrs. Dave Leitz of West Chapman street, left for her home at Cairo, Ill. Mrs. Hudson left over the Salt Lake route going via the Grand Canyon of Utah and Colorado.

Mrs. J. W. Dean was a morning visitor to Los Angeles.

T. W. Doyle of the Laguna Beach Hotel was in Santa Ana today.

Rev. H. E. Murrett was a Los Angeles visitor today.

Commodore Sam Hill took in the Angel City today and tonight will visit the Shrine show in that city, expecting to have a good bit of pleasure out of that event.

Miss Emily Newman, a former classmate at the Baptist Training School in Chicago of Miss Viola Hill, is a house guest for several days of Mrs. G. P. Hill. Miss Newman is in California hoping to gain improved health.

Mesdames Lester, Westfall, McLeish and Miss McLauren of Chicago, officers of the National Woman's Missionary society left for Los Angeles

No Other Sock is made like this

The only machines in existence which can knit socks by the "Interwoven" process are in the Interwoven Mills. It took 50 years to perfect these machines. They make Interwoven Socks light where they should be light (that's for comfort) and strong where they should be strong (that's for wear).

The light-weight sock that really wears

Many sock makers take care of the toe and heel, but let the sole and ankle take care of themselves. The Interwoven machines wear-proof the foot and hug the ankle. Of Interwoven Socks—every wear-point.

The seamless sock that really fits

In most cases, a sock small enough to fit the ankle is too small to fit the foot. The Interwoven machines knit Interwoven Socks to shape and make them fit the foot and hug the ankle. The fit can't be washed out.

Silk-Lisle that's really silky

Interwoven yarn costs double the market price of the usual hosiery yarn. Interwoven Socks have a softer, smoother, silkier look and "feel" than many socks that cost you more.

High Lustre that's really permanent

Some socks lose their lustre after one or two washings. Interwoven Socks are dyed only with the very best of imported dyes. Their intense silk-lustre is absolutely permanent. It cannot be affected by washing.

One trial will convince you. 25c and 50c.

VANDERMAST & SON

BALLOONIST WILL TRY TO FLY OVER ATLANTIC OCEAN

NEW YORK, Nov. 9.—Dr. Paul Gans of Berlin, who plans to cross the Atlantic ocean in a dirigible balloon, starting from Tenerife and landing at Barbadoes, probably the same course followed by Columbus, arrived here yesterday. He has a letter from the German emperor and will go to Washington to see President Taft and navy officials.

"Our expedition will start in March," said Gans. "Our balloon will be 260 feet long and of 600 horse power."

"I will ask the navy officials to have a warship follow us and keep a lookout. We will throw out large confetti and for each piece of paper presented to us we will pay \$1."

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

MR. A. J. CROOKSHANK LEAVES THE HOSPITAL

Mr. A. J. Crookshank, who has been in the Santa Ana hospital for the past three weeks, following an operation for rupture, returned to his home today. The operation seems to have been entirely successful and Mr. Crookshank is rapidly regaining his wonted health and strength. However, he does not intend to return to his duties in the bank for several months, desiring thoroughly to recuperate and enjoy a vacation.

Masonic Notice
Called meeting of Santa Ana Lodge No. 241, F. & A. M., Friday, November 10.

Lodge will convene at 4:30 p. m. to confer the Third Degree on three candidates.

Supper at 7:30 p. m. Sojourning brethren cordially invited. By order of A. H. PEASE, W. M. G. A. WHIDDEN, Secretary.

GOVERNMENT MAY GET NO BATTLESHIP BIDS

WASHINGTON, Nov. 9.—Peculiar interest attaches to the announcement that the navy department is ready to receive bids for the two new battleships authorized at the last session of the congress in view of the fact that there is a decided possibility there will be no bidders.

Nearly all the private ship building concerns of the country have maintained heretofore that the application of the eight hour law to battleship construction made it impossible for them to bid.

AGENT OF REYES' FRIEND PLANNED TO KILL MADERO

MEXICO, Nov. 9.—That he intended to assassinate President Madero, as the paid agent of Jose Del Valle, the chief aide of Bernardo Reyes, was the confession made to the secret police last night by a man giving his name as Manuel Jimeno, who was caught wandering in a forest near Chapultepec, carrying a bomb. Madero is accustomed to walking in this forest late in the afternoon.

Valle fled to Texas three days ago.

CASTRO REPORTED SLAIN BORDEAUX, Nov. 9.—Passengers aboard the steamship Perou from La

guayra assert that Cipriano Castro has been slain in Venezuela.

PIONEER OF THIS SECTION IS DEAD

News has been received here of the death of Jerome Porter in San Francisco on Nov. 2. Porter was one of the first settlers of this section. In 1872 and 1873 he had a dairy and cattle ranch southwest of Santa Ana. He went to San Francisco, where he became identified with the produce business and for the last fourteen years he was secretary of the Wholesale Fruit and Produce Merchants' Association of San Francisco. He was 80 years old when he died. Word that he was dead was received here by Robert McFadden, an old friend of Mr. Porter.

HOLDER GETS MEDAL FOR AID IN SPORTS WORLD

PASADENA, Nov. 9.—Prof. Charles Frederick Holder of 475 Bellefontaine street, president and founder of the Tuna Club of Avalon, Catalina Island, writer of more than thirty books on angling and honorary member of numerous sportsmen's clubs throughout the world, has received word that L'Academie des Sports of Paris, France, voted him the grand gold medal of the club in recognition of the services rendered to angling.

These medals are awarded to sportsmen who have gained international renown through distinguished services to the fraternity. The last one, previous to that awarded Prof. Holder, was given to Frederick Selous, the big game hunter who accompanied former President Roosevelt through Africa.

Prof. Holder is president and founder of the Valley Hunt Club in Pasadena, which launched the Tournament of Roses 23 years ago. Here are some of the noted clubs in which he holds honorary membership: Sea Anglers' Club, Glasgow, Scotland; British Sea Anglers' Society of London; The Casting Club of Paris; Torpon Club of Texas; Fly Fishers' Club of London.

To Cure a Cold in One Day

Danderine

Stops Falling Hair and Destroys Dandruff

Makes the Hair Grow Long, Heavy and Luxuriant and We Can Quickly Prove It

If You Wish to Double the Beauty of Your Hair at Once, Just Get a 25 Cent Bottle and Try This

Surely try a Danderine Hair Cleanse if you wish to immediately double the beauty of your hair with little trouble and at a cost not worth mentioning—just moisten a cloth with a little Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil—in a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. It's exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Danderine from any drug store or toilet counter and try it as directed.

STILL AFTER COAST ROUTE

Orange News intimates Influences Are at Work on Commission

Orange News: That a fight is in prospect over the routing of the state highway in this county is the belief of many in touch with the situation. There is, it is claimed, a movement on foot in the beach towns to influence the state commission to run the highway route along the beach, while the interior towns of Fullerton, Anaheim, Orange and Santa Ana are frankly pulling to have the road pass their way.

The board of supervisors has recommended the route through the interior towns, but this action by no means satisfies this end of the county that that route will be adopted, especially since it is rumored that influences are at work with the commission to throw the road along the beach. The matter will be taken up by the Orange Merchants' and Manufacturers' Association tomorrow evening, and some action will probably result.

The Orange High football team will go against the strong Anaheim High team Saturday on the Orange grounds near the walnut packing house in what should be a rousing contest. The Orange eleven, light though it is, possesses a speed that is fast winning it a place in the top layer of football, and is now playing a splendid game. Anaheim has a heavy team and an experienced and aggressive one, and the clash should bring out the best football in the local lads. The last game between the two resulted in a victory for Orange by the narrow margin of 5 to 0, which Anaheim claimed was a lucky win. Both teams have vastly improved.

Miss Helen Lewis entertained a few friends last evening at her home on North Harwood street, the guests enjoying an excellent repast of quail and chicken. The first mentioned dish was supplied from a recent hunting trip, Mr. Handy being the successful hunter.

THE NEW REAL ESTATE COMPANY

—We note the opening of a real estate office at No. 504, North Main street. John R. Schooley formerly in the real estate business at Redlands, and who recently came to this city from Orange, and former county surveyor Chas. R. Schenck, for eight years a resident of Santa Ana, comprise the new firm, to be known as Schooley & Schenck. Both members of the firm have the advantage of a wide acquaintance and large knowledge of Southern California. They are agents for the Yucaipa valley apple lands and the Perris valley alfalfa farms and of course will do business in the local field. They will maintain an attractive window exhibit.

PLACENTIA READY FOR CELEBRATION

ANAHEIM, Nov. 7.—The new town of Placentia is to hold a big barbecue and general get-together time Saturday, when the new city will be in gala attire to greet the visitors from all over the county and also from the adjoining counties and Los Angeles, San Pedro and Riverside. The new Bank of Placentia will open on the day of the celebration, which will also mark the opening of several other new buildings and institutions. The Anaheim Board of Trade expects to conduct a rousing automobile trip to her neighbor city, which is situated three miles northeast of this city.

PLANS TO DIVERT ADDITIONAL WATER

Riverside Press: The Water Conservation Association is now engaged in excavating the open ditch which is designed to divert from 5000 to 6000 inches of additional water this season for spreading over the gravels near the head of the Santa Ana river. The association recently filed notice in the superior court of San Bernardino to appropriate an additional 75,000 inches from the river through five new diverting ditches. In reality the association will have capacity this season for 15,000 to 20,000 inches of water.

A concrete culvert is being constructed under the road between Highland and Redlands to carry the water designed to reach the gravels in that vicinity.

It may be only a coincidence, but hardly likely, that the work of spreading storm water last season has made it unnecessary for the Riverside Water Company to start up its pumps this year to supplement gravity water in any part of the system.

The benefits of course have not been confined to this valley, but the San Bernardino basin and Orange county water users have reaped corresponding benefits. The water plane is higher at this time than in many years, although the amount of rainfall last season was only average, and has gradually decreased since the season of 1904-5. Last season it was only 20 of an inch in excess of the preceding season.

The results of the increased spreading operations will be watched for with no little interest next summer, as they should be conclusive as to the efficacy of this method of water conservation.

Santa Ana, Cal.

ADVANTAGES OF A CHECKING ACCOUNT

In the regular course of business the depositor receives checks on many banks.

It is not necessary for him to present these checks for payment at the banks on which drawn, but he may deposit them here, and this bank collects them for him through the Clearing House, without charge, and credits them to his account.

Checks on out-of-town banks may be deposited in the same way, for collection.

LOS ANGELES PRODUCE MARKET

The active market which started the week continued yesterday. The general tone was firm. Only a single change was noted on the Produce Exchange Board. Receipts along all lines were moderate, which served to maintain the firmness of the situation. Egg arrivals were 152 cases. The market on all grades was firm. Storage stock was well received. The look-out for decline in prices on strictly fresh stock failed to materialize. On the contrary the market ruled a shade firmer.

The butter market ruled firm under moderate arrivals. Fine creamery stock was particularly firm at the prevailing quotation of 33 1/2 cents a pound. Inferior stock made up the bulk of the receipts.

Cheese receipts were 2318 pounds. The market continued to rule firm on all varieties. There was a good call for northern fresh and cream brick.

In the green vegetable line there

was but one change, and that on celery, which advanced 25 cents a crate. The top figure was fixed at \$2.25 a crate. The celery situation bids fair to show a marked improvement during the coming of the holidays during which time the demand for this table luxury is heavy. Some of the Smeltzer stock is looked for on the market within a few days. This variety which is grown locally is generally in good call.

There was rather poor movement of tomatoes, but no change was noted in prices; 50 cents was the prevailing price on lug boxes.

Cauliflower continued in good receipt. Prices were shaded in the buyers' favor in some instances. Sixty cents a dozen was the top figure. Green chills were in liberal receipt, and there was a good demand for them at from 3 to 5 cents a pound.

Potatoes were firm under light receipts—3537 sacks. Onion receipts were 600 sacks. The market was in good shape. The sweet potato situation was unchanged. Arrivals were only four sacks. Dealers sacrificed their stock to keep some movement of the stock. Green bean receipts were heavy. The tone of the market was one of easiness.

In deciduous fruits no changes were noted. There was a good movement of sound fresh stock.

Apple arrivals were 13,686 boxes. Prices on all varieties were sustained. The new receipts from outside the state were best in call at full figures. The pineapple situation has shown no change for the past two weeks, due to the depleted stock. Arrivals are expected within the next few days. The prevailing price on the light holdings was 10 cents.

Cranberries continued in good call at the top price of \$10.50 a barrel. Receipts of persimmons were light and fancy packed stock sold at \$1.25 a box.

Quinces were in light call, and most of the stock sold around 80 cents a lug box.

The market on dried fruits generally was quiet, raisins, however, being the weakest item on the list. Small prunes are reported weaker in the East, but no special change was noted here; 20-30s were still quoted at 20 cents.

He Was a 'Piscopal

A Northwestern missionary bishop used to tell a story which was repeated to us last week by Rev. W. W. Washington of Cuyahoga Falls.

"I met an old farmer in North Dakota," he relates, "and in the course of conversation I asked him if he was connected with any religious denomination. 'Yes, sir,' he answered, 'I'm a 'Piscopal.'"

"Of course this gratified me, and I asked him what parish he belonged to."

"Hadn't heard of no parish," he said, with a puzzled expression.

"Well, what do you mean?" I persisted.

"You got me there, too."

"Where were you confirmed?"

"Dunno what you mean."

"Then how are you an Episcopalian?"

"Oh," he answered, brightening up at once, "I'll tell you. I went to a church down in Bismarck last winter, an' they called it 'Piscopal. And I heard the people sayin' that they'd 'done things they hadn't order done.' An' I says, 'That's me, to a t,' and since then, I've called myself a 'Piscopal.'"

"Now I understand," continued the bishop, laughing, "why the membership of our church is so large."—Cleveland Plain Dealer.

Both Phones, 59.

Among them being Prof. J. N. Field, president of the university. In his report this morning he stated that a group of five buildings had been completed, there are now 148 students registered. The institution is in good financial standing. Among the donations mentioned by the president were those of \$8500 by Mr. Reavis of Orange, \$8000 by Mrs. Libby of Santa Ana, \$20 by the Redlands church and \$50,000 by the Temple church of Los Angeles.

Prof. Field pointed out in a forceful manner the great benefits to be derived from training young men at a college where the atmosphere and practices of the faculty tend to interest the students with religious life. Instead of separating the students from all church affiliations, as is the case in many colleges, the church college maintains that affiliation.

Among the reports heard this morning was that of Prof. V. L. Duke, professor in the University of Redlands, on "Education." "How the Death of Jesus Christ Reconciled God to the World" was the subject of the annual sermon of the association delivered last night by Rev. A. P. Brown of San Bernardino. He gave a tender and beautiful description of the yearning of God over a lost soul.

This morning beside the addresses of President Field, standing committee reports were heard as follows:

Home Missions, Rev. J. S. Pate, Hemet; Foreign Missions, Rev. Frank B. Matthews, Redlands; Sunday School Work, Deacon E. S. Foote, Redlands; Publication Society, Rev. J. W. C. Swan, Huntington Beach; Woman's Work, Miss Harriet Curtis, San Bernardino; Temperance, Rev. A. P. Brown, San Bernardino; Obituaries, Deacon William Tattersall, Redlands; Resolutions, Rev. H. J. Powell, Tustin.

This afternoon is being devoted to Sunday School Work. Dr. J. A. Baber of Pasadena, director of Sunday school and young people's work, is to talk.

Tonight's session will be taken up with the state convention report by Secretary J. F. Watson of Los Angeles. Rev. A. H. Bailey of Los Angeles, convention pastor, is to give a stereopticon address on "The Winning of an Empire."

ORGANIZING FOR LA FOLLETTE WILL BEGIN ON COAST

WASHINGTON, Nov. 9.—Formal organization of the Pacific Coast states in the interest of Senator La Follette will begin in a few days according to plans now made by the Republican progressive campaign committee.

Although physically incapacitated and forced to remain quietly on his ranch, Rudolph Spreckels is keeping in close touch with the headquarters here and has advised his associates that the time is ripe to launch a campaign to send a solid La Follette delegation from all the Pacific Coast states to the next Republican national convention.

While the campaign plans have not been completed it is understood that general headquarters will be opened in San Francisco, and that general direction of the campaign in Washington, Oregon and California will be under the jurisdiction of San Francisco officers.

OFFER CUPS TO WINNERS

Harper Gives Trophy to Girls' Team That Leads Basketball Series

Orange News: Prof. W. M. Fishback, who is president of the Orange County Athletic League, was notified today that a trophy cup for girls' basketball will be presented to the league, to be given to the winners of the county league series under the conditions that may be prescribed by the league officers. G. S. Harper, head of the Harper Fruit Company and Harper Motor Car Company, is the donor.

A cup has already been offered by the city of Huntington Beach for the winner of the boys' basketball league series, and an effort was being made to secure a similar trophy for the girls. The announcement that a cup has been offered will be received with enthusiasm among the high schools

of the county, and will no doubt quicken the interest of all teams.

The cup which Mr. Harper offers will be ordered through E. H. Smith, the local jeweler, which guarantees that it will be a desirable piece. It will be a handsomely engraved silver trophy cup, standing about sixteen inches high, and will probably go to the team that wins it three successive years, which is the customary way of awarding such cups.

Miss Susan Stokes, chemistry instructor at the high school, had a painful experience with sulphuric acid during one of her classes yesterday afternoon. In working with an experiment, some of that acid found its way into her eye, causing much pain, an application of ammonia being used immediately to counteract its action.

Miss Stokes was unable to hear the remaining classes yesterday afternoon, but her injury will not prove serious.

Mrs. N. T. Edwards returned last evening from Lemon Grove, where she has been since Monday with her brother, Teddy Tetzlaff, who was injured in the Los Angeles to Phoenix automobile race.

FIRST DOCTOR EVER MAYOR OF LONDON

Sir Thomas Crosby With Lord Mayor's Show Held London's Traffic for Hours

LONDON, Nov. 9.—Traffic in the busiest parts of the city was held up four hours today by the procession known as the "Lord Mayor's Show," when Sir Thomas Crosby, the famous London doctor, was formally sworn in as Lord Mayor, with all the quaint pageantry handed down unchanged for five centuries. Crosby is the first doctor ever elected to the mayoralty chair of this city.

UNIVERSAL ADULT SUFFRAGE LOOMS BIG IN ENGLAND

LONDON, Nov. 9.—Adult manhood suffrage with the possibility of similar womanhood suffrage looms on the British political horizon. While pleasing progressives and displeasing reactionaries, all admit that the bill announced by Premier Asquith last night for the next session of parliament foreshadows an era of parliamentary reform comparable even to that of 1832.

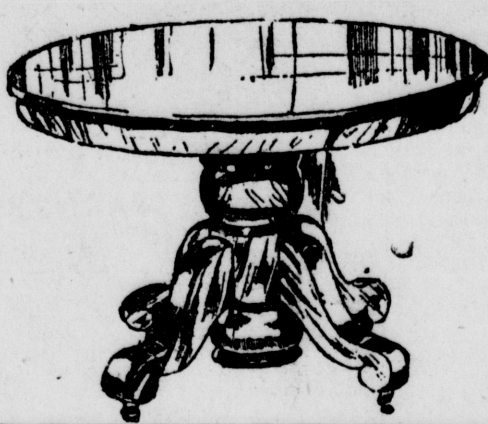

"This is democracy's day," exclaim the radicals. "Plural voting is near its end and a great extension of the franchise is imminent. Henceforth the basis of suffrage will not be property but citizenship. The vote will belong to the individual, not as an owner or lodger, but as a citizen."

TELEGRAPHERS' WAGES UP
WASHINGTON, Nov. 9.—An increase in wages approximating 6 per cent, reduced working hours and the sharing of a lump sum of \$75,000 have been granted to the Baltimore and Ohio and the Baltimore and Ohio Southwestern Railway telegraphers. An agreement was reached with the men through the mediation, under the Erdman act, of Judge Knapp of the Commerce Court and Labor Commissioner Neil.

RODGERS WILL END SEA-TO-SEA TRIP AT LONG BEACH SUNDAY

PASADENA, Nov. 9.—Calbraith P. Rodgers will leave Pasadena Sunday afternoon at 3 o'clock from Tournament Park. He will rise from the ground shortly before that time and circle through the air for several minutes before straightening and taking his course to Long Beach, where he will complete his coast to coast trip by dipping the wheels of his aeroplane into the Pacific ocean. He expects to land there at 3:30 o'clock, a place having been selected to the south of the big pier. In his flight he will not approach Los Angeles.

CO-EDS WOULD STOP SNOBBISH SPENDING IN STATE COLLEGE

BERKELEY, Nov. 9.—The growing custom in vogue among college students of hiring hacks, taxicabs and automobiles to attend the college functions is going to be stopped if the women of the decorations and arrangement committee of the "Junior Prom" have their way. They consider it an "unnecessary and snobbish extravagance and unfair to collegians who cannot afford such luxuries."
